ALMANAC AND WISCONSIN ANNUAL REGISTER.—The publication of this work—the list of contents of which we give elsewhere, and which is already favorably known throughout the state—having been unavoidably delayed till late in the year, we are desirous to close out the lot remaining at as early a day as possible, and have accordingly reduced the price, as will be seen by reference to the advertisement.

NEWS OF THE MORNING.

The telegraph brings us much interesting matter.

It will seen that matters seem to be coming to a crisis between the Administration and Mr. Crampton, and it is probable that he will soon be dismissed, as he ought to have been months since.

From Kansas we have what is probably some of the gossip of the Kansas correspondent of the pro-slavery St. Louis *Republican*. Still it is not to be denied that the border-ruffians and their friends of the Kansas government are endeavoring to bring on a collision. The spark is kindling into a flame.

We have a brief summary of Senator Sumner's speech in Congress yesterday—and an able one beyond a doubt.

The bill granting land for railroads in Wisconsin has doubtless passed the House, and we shall thus have at once a bone of contention and a corruption fund, to be fought for by demagogues and speculators, to the damage of the people.

We have an account of the Panama Railroad accident from an eye witness.

See local, marine, and advertising columns for many articles of interest.

Firemen's Parade.

Yesterday was the grand gala-day for our gallant firemen, who mustered some three hundred strong on Wisconsin street shortly after noon.—First in the line was the Supply Hose Co., in citizen's dress of black, with their splendid cart, and numbering better than in any turn-out of late. Next came the Hook & Ladder Co. numbering 45 stout fellows. The old *Milwaukee* Engine Co. with their new machine, and with full ranks of 60 men, were conspicuous in their new parade uniforms of cadet grey frock coats, turned up with scarlet. *Neptune* No. 2. with their powerful machine, made here, and with 70 men, were next in order. *Oregon*, No. 3, closed up next—regular wide awake fellows, from the 2d ward, they are, too. *Ready and Ready*, No. 1 turned out with fuller numbers and looking better than ever, and they always do well.

Ocean No. 5, did not turn out, nor did the Sack Co. *Fillmore*, No. 6, brought up the rear, though the last was not necessarily the least, and the old Boston machine does good service yet.

After marching through several streets, presenting a fine appearance, the firemen gave their machines a trial on South Water St., and, judging from the fact that all of the companies carried *leaves* on their return, there was some tall and large throwing down there.

No. 1 carried a splendid wreath of flowers on their machine, doubtless the gift of lady friends.

There were present, as guests of our firemen, Mr. McBride, Chief Engineer of the Chicago Fire department, and several foremen and members of Chicago Companies, and Mr. Strasbeger, foreman of No. 1, and Mr. Kemp, foreman of No. 2, of Janesville.

In the evening, the officers of the Chicago department, were escorted to the boat by the officers of our Department, with a band of music.

HALF HANSON.—The editor of the Washington (D. C.) *Spectator*, designs to publish, in August, a full list of all the periodicals published in the United States with terms and general character. To aid him in this scheme he asks publishers to send him three copies of their respective publications, first issued after the 4th of July, (or such as contain the fullest account of the occurrences of that day.) This he proposes to bind, one set to be deposited in the Congressional Library, one in that of the Smithsonian Institution, and the third in his own sanctum. He asks publishers to do him the favor of publishing his proposition and promises such as grant it and send him a copy of the paper containing the notice, a copy of the complete list.

IOWA LAND OFFICE CLOSED.—We understand that the order for closing all the Land Offices in Iowa until the railroad companies shall have made their selection of lands under the recent act of Congress, reached Dubuque on Friday evening last.—*Chicago Dem. Press, 19th inst.*

This is the first effect of the act granting to Iowa some two millions of acres of Public Lands, in aid of various Rail Roads. Actual settlers going thither to seek new homes must *stand back* until the Rail Road Companies are all served. And then the settlers can only get the lands they want at advanced prices and on the Company's terms. This policy will swell the funds of Rail Road Corporations and suit speculating Directors, but it can hardly find favor with the toiling millions, whose chances for "Homesteads" are considerably abridged by these mammoth Land Grants.

REPUBLICAN DELEGATES.—The Republicans of Hamilton County, Ohio, in which Cincinnati is situated, held their Convention on the 10th, and appointed the following Delegates to the National Convention at Philadelphia—all of them preferring Mr. CHASE as the candidate for President:

1st Congressional District—John K. Green, Charles E. Cist and Alphonzo Taft.

2d Congressional District—Judge Geo. Hoadly, T. G. Mitchell and M. Felts.

The Single Shot in Kansas.

Major Longbow of the *News*, in a heavy article dissuasive of Free Emigration into Kansas, thus contrasts the reported condition of things there with the actual state of facts:

It teaches those emigrants to believe that in Kansas they are to be surrounded by ruffians and outlaws, against which they must defend themselves with Sharpe's rifles, when it is well known to the leaders in this movement *that the only instance where an* opportunity has occurred for using one of these rifles, *was in the case of Sheriff Jones*, which was such a cowardly, mean and dastardly act, as to meet with general condemnation amongst even the Free State men in Kansas.

The *News*, it appears, has heard of but *one* shooting case in Kansas; that of the *legal* Sheriff JONES. The public may judge, from this couple, how much credit to attach to the statements or speculations of this Government organ. There have been no less than *three* deliberate murders by "Border Ruffians" in Kansas, and half a dozen other attempts at assassination, to say nothing of such minor outrages as sacking Free State Printing Offices; tarring and feathering obnoxious Free State Clergymen, and forcibly ejecting Free State settlers from their claims. All these atrocities the Government organ *ignores*, while playing constantly upon the one-string of the shooting of JONES.

DOW was murdered in cold blood, and, as is charged and believed, by a Government Official. BARBER was stopped on the highway, unarmed and unresisting, deliberately shot, and dropped dead from his horse a few paces from the door of his own log cabin. BROWN was waylaid and beset by a gang of Border Ruffians, hacked to pieces with their knives, and carried, dying, into the presence of his wife and family. In not one of these instances was the slightest effort made, by the Federal or Territorial authorities, to discover, or arrest the brutal and inhuman murderers. And the *News* does not even permit its readers to know that such atrocities have been committed in Kansas and by "Border Ruffians." It is only when JONES is shot—the result, no doubt, of some private quarrel—that the vigilance of the Government officials is roused, and the indignation of the Government organs suddenly and strongly excited. Nothing can exceed the horror they have expressed for this "*only instance*" of shooting in Kansas which has come to their official knowledge, save the zeal they have manifested to make political capital out of it.—The cold-blooded, deliberate, unprovoked and utterly inexcusable *murders* of DOW, BARBER and BROWN they make nothing of—the victims were Free State men and their murderers "Border Ruffians"—but the shooting of JONES (who is reported convalescent) is made the theme of column upon column of indignant denunciation against his alleged "Free State" assassins, the Free State men of Lawrence were the first to denounce the deed and to offer a large reward for the discovery and arrest of the murderer; and the probabilities are strong that in this case, too, the "assassin" was a "Border Ruffian." Of a piece with this one-sided sympathy with these "Border Ruffians," is the "expressive silence" of the *News* and kindred prints, at the murder of the Walter, Keating, by the M. C. Herbert at Washington. KEATING was only a poor Irishman; HERBERT a prominent Pro-Slavery Democrat. The *News* has "no tears to shed" over this victim's grave, but the "official" whitewash all ready for the homicide.

Veto of our Rivers and Harbor Bill.

The North-West has just received another "love-tap" from the PIERCE Administration. The President has *vetoed* the bill, recently passed by Congress, appropriating $45,000, for the improvement of the St. Clair Flats. It will be remembered that when he put his *veto* upon a River and Harbor bill two years ago, the excuse set up by his apologists, here and elsewhere, was, that it was a log-rolling affair, containing proper and improper appropriations, and hence deserved its fate. But, they added, present these items in *separate* bills to the President, and he will be sure to approve and sign those of unquestioned public utility. This year, the friends of River and Harbor Improvements have followed that plan, and put each appropriation into a separate bill, so as to allow every one to stand or fall by its own merits. They might just as well, however, have spared themselves the trouble. The very first bill passed, and those, too, of *conceded* national importance, and as far as possible from being *local* in character, are met by a *Veto!*

While we deplore this exercise of the Veto power as unwise in itself and most unjust to the West, we are bound to admit that it is consist nt with Mr. PIERCE's past political career, and in conformity with the platform on which he was elected. Mr. PIERCE, as Senator, invariably voted against all such appropriations, and the Democratic Party, in nominating him, resisted against Internal Improvements by the General Government. His *Veto* now, is but carrying out his own and his party's often avowed opinions on the subject. If the people of the West, therefore, disapprove and desire to overrule this Veto, let them withhold their suffrages and support from the party which sustains and the President who enforces the doctrine of OPPOSITION TO INTERNAL IMPROVEMENTS.

THE KANSAS EMIGRANTS.—The party of emigrants for KANSAS, numbering about 50 persons, started yesterday on their journey over-land, the white tops of their wagons, as they passed through the streets, reminding one of the California caravans of a few years since. They will be joined on their route by other parties from this State, and will form a welcome addition to the Free State men of Lawrence were the first to denounce the deed and to offer a large reward for the discovery and arrest of the murderer; and the probabilities are strong that in this case, too, the "assassin" was a "Border Ruffian." Of a piece with this one-sided sympathy with these "Border Ruffians," is the "expressive silence" of the *News* and kindred prints, at the murder of the Walter, Keating, by the M. C. Herbert at Washington. KEATING was only a poor Irishman; HERBERT a prominent Pro-Slavery Democrat. The *News* has "no tears to shed" over this victim's grave, but the "official" whitewash all ready for the homicide.

THE MILWAUKEE PRESS.—Some of our exchanges complain because the Milwaukee papers do not pay more attention to the development of the resources of different localities in the country. So far as our observation goes, we think that their complaints are entirely uncalled for,—and without foundation—for there has been evident strife among them, to determine which should prove the most faithful mirror of the improvements in the different localities of our noble State, and if the inhabitants of any county are indebted to their local press for furnishing information with reference to its growth and increasing business, they are not less so to those which have copied and disseminated that knowledge where it is likely to be of service.

The local papers are the rivulets and the city press is the mighty river; in their union is their strength. Most of the Milwaukee papers have exhibited a courtesy in this respect, which was as welcome as it was unexpected.—*Manitowoc Herald.*

Unlike some of our State exchanges, the Manitowoc *Herald* does full justice to the Milwaukee Press. What it says of the puffs taken by the city papers to collate and republish all items about local improvements from the country press, is undeniably true. It is rare, indeed, that any one of the Milwaukee Dailies is put to press, without containing some items clipped from country exchanges. And this service to our county neighbors is rendered cheerfully.—We take equal pride and pleasure in noting and chronicling the rapid advance of all portions of our unequalled State, in population, in wealth and in material and social improvement.

FOND DU LAC.—In the absence of the editor of the Fond du Lac *Herald* recently, his "devil" tried his hand at the work, and got off the following "first-rate notice" of things about the city—no doubt, a truthful one

NOTA BENE.—Fond du Lac never boomed up in such fine proportions as she does this Spring. In every part of the city new buildings are going up, and fine improvements being made. Every place on our beautiful streets is taken at good rents, and filled to overflowing with all imaginable kinds of goods and wares. Never has the prospects of our city and business men been as good as at present. Many strangers are finding a habitation and a home in our midst attracted hither by our fine climate, excellent fountain water, and unsurpassable advantageous location. When they come to see our place, they are sure to stay.

MAPPING.—The Sheboygan *Times* in noticing a new railroad map, says

Unlike the Map issued from the Milwaukee Sentinel office, a year or so since, the S. & M. R. R. does not circle around six Fond du Lac to Milwaukee.

It our friend of the *Times* considers the fact that the charter of the Sheboygan & Mississippi Railroad was only made with its route laid down to Fond du Lac, he will doubtless see why on map, which, as we have often said, was only, and expressly, intended to show our railroad system, did not make any line west of Fond du Lac for the S. & M. R. R. How were we to know then, and who knows now, the route to the Mississippi?

The Sauk Canal.

The most gratifying reports are received of the stability and condition of the work, upon the St. Marie ship canal. The following letter from the superintendent to the State Treasurer, furnishes details and facts which set at rest the question of the ability of the work to resist the forces of frost and thawing:

SAULT ST. MARIE, May 5, 1856.

Hon. S. M. Holmes:

DEAR SIR—Knowing the anxiety you must have in relation to the canal, I embrace this opportunity of saying to you that the canal is all right.

The Manhattan and North Star arrived hereon the 4th inst., (which was Sunday,) and on account of the destitute condition of the inhabitants, at the different points of the lake above, the Manhattan was passed through the canal, at the Captain's request. The slope walls, locks and gates, are in good condition for business, and have been so for the past two weeks, and several days before a boat made its appearance, thus settling the question as to whether the canal would be ready by the time navigation was opened to this place. The most penetrable the embankment in some places five feet, but by gradually raising the water, it has been extracted to about one foot above the canal line. I close the Caisson gate every time a boat passes the canal, and shall continue to do so until the frost is all out of the banks. I have not the least fear about the canal.

Yours, &c. JOHN BUEL.

—*Detroit Advertiser*, May 17.

THE VOLUNTEERS FROM ALABAMA.—Of the Kansas Alabama Regiment, the Lawrence correspondent of the *Times* gives rather a sorry account. He says:

"A great many of the men already say they shall go back after the next election. Many more will become Free State men; and if Northern capital is only at hand here to loan them when the land comes in market, they can snap their fingers at Mr. J. Buford and keep their whole quarter section in a strictly legal manner.

They number in all some four hundred men—each purporting to be furnished with a bible and rifle. The rifles were not generally visible, but the bibles were—huddled into a basket on the hurricane deck of the steamboat. They obtained their passage from St. Louis to Kansas City for eight dollars each; eastern emigrants paying twelve. Soon after leaving the wharf in St. Louis, Major Buford discovered that his cabin had been forced, and five hundred dollars of his own money stolen, together with nearly as much more left with him for safe keeping by members of his company. The men were immediately mustered on the hurricane deck and the roll called, showing five to be absent; and no doubt was felt that the robbery was perpetrated by these five members of his own band!"

BEQUEST OF THE LATE JABEZ BARBER.—The will of the late Jabez Barber, who, with his wife and eldest daughter, were among the passengers of the ill-fated steamer Pacific, was opened before the Probate Judge for this County on Friday last. It is date 1 September 27th, 1855, a short time before the departure of Mr Barber for Europe. It constitutes his wife, Ann Barber, Sylvester Lind and Samuel S. Slater, his executors. Mrs. Barber having been lost with her husband, the duty of executing the will falls upon the other two. There is one daughter only left—a child about three years old. The value of the estate is estimated at $250,000.

The will, after making some provisions for the family during the settlement of the estate, makes the following bequests: To his sisters, Mary Ann, Lucy and Harriet Barber, of Birmingham, Eng., and his sister, Eliza Bell, of Simcoe, C. W., $250 per annum during their lives. To his wife's sister, Matilda Wilkie, of Chicago, $1,000; To the American and Foreign Missionary Society $1,000. To the American Home Missionary Society, $1,000. To the American Bible Society, $1,000. To the third Presbyterian Church, Chicago, $3,000. The latter bequests are to be paid after three years, and to bear interest. The residue of the property is left for the benefit of the family, and so they, all but the youngest child, shared the fate of the father, she becomes the sole heir of this large estate. In case of her dying without issue, it is to go to the nearest of her kin.—*Chicago Dem. Press.*

MADISON COUNTY'S GIFT TO KANSAS.—Twenty families in all, numbering about one hundred persons, are going to Kansas from Madison county in this State. Some are already on the way. They are picked men, selected upon a plan that will eventually assume to Kansas excellent citizens in each and every one of them. Beside the requisites of temperance, industry, youth, health and a good reputation, each man must be the owner of at least one hundred dollars worth of property, acquired by himself. This is deemed to be a guarantee of ability to "get along," and become a contributor to the general prosperity of the future Kansas State, instead of a burthen upon its resources. Contrast this emigration with the drunken, thieving, liquor-begging crowd of mendicants whom Buford led from Alabama to Kansas, with their "Bibles" pitched pell mell into a flour barrel, yet displayed as the sign of a Christian Colonization? Cant and humbug are not the exclusive commodities of the Journal of Commerce.—*Ex. Journal.*

A FIRE DEPARTMENT.—The common council has authorized the Mayor to purchase two fire engines, for the city. They will doubtless soon be on hand, when the boys can "run wid de machine" to their heart's content.—*Madison Journal.*

NEW YORK, May 20.

A small pyrotechnic factory, owned by Denis McCrosan in Brooklyn, was destroyed by explosion at half past five. Four persons were in the building, and a small boy named S. Breedel, was instantly killed; Patrick Dougherty, W. Doyle, and John McCormick were so badly burned that it is not expected they can recover.

The Panama Railroad Accident.

PARTICULARS BY AN EYE WITNESS.

Mr. Alfred L. Armstrong, of Ogdensburg, Ill., the only person returning to New York in the George Law who was on the train to which the accident occurred, has furnished the reporter of the N. Y. *Times* with the following particulars of the disaster:

I was seated in the seventh passenger car from the locomotive. The train was going at an unusually high rate of speed, so much so, that the fact was a subject of remark among the passengers generally in the cars in which I sat. The speed was commented upon as dangerous, from the frequent and short curves in the road. I left somewhat alarmed, and put my head out of the window. I did not have my head out more than a minute, when I saw the front passenger car (as the train was passing a curve) suddenly force the outer rail from its place, and darting from the track, instantaneously turn a complete side summerset. All I recollect from that moment is hearing a sudden crash and crying out, "We are all killed." I saw the passengers jump to their feet, and I made a jump myself, but how or where I know not, only know that I found myself in an instant land upright on my feet in a pond along-side the track. The scene that ensued is impossible to describe. The locomotive and first baggage car, having retained their place on the track, proceeded some distance, as it unconscious of the sudden sundering of the link that connected them with the remaining cars of the train.

The seven cars succeeding the one first thrown from the track were a mingled mass of shattered fragments. They had been thrown sideways, lengthways, cross-ways, bottom side up, sides up, ends up, and in every imaginable way. Portions of the wreck were submerged in the pond of water on either side of the track. The cries of agony that rose from amid the ruins were heart-piercing. Here was visible an arm, and there a leg with no other appendage. In another place was presented the sad spectacle of a head separated from the body, and again the trunk of a human body shorn entirely of its head and limbs. As soon as possible after the crash, those uninjured turned their attention to discover the extent of the loss of life and wounds sustained. It was found that beyond the first eight cars, the injury to the passengers did not extend, except in occasional bruises to those occupying the two passenger cars directly following these eight. Both of these latter cars were thrown from the track, and the occupants received more or less contusions. The remaining cars of the train retained their places on the rails, and the people inside received no injuries other than some slight bruises.

While those having escaped personal injury were seeking to recover from beneath the wreck those still giving symptoms of life, the locomotive detached from the train which had come back to the scene of the disaster, was dispatched to Aspinwall for help to search for the dead and wounded. The place of the accident was near Gatun's Bridge, only nine miles distance from Aspinwall. The track for some distance was completely torn up, so that the cars still remaining on the track could not be attached to the engine in front. At about 1 P. M. a train returned from Aspinwall. In the interval the wounded passengers suffered dreadfully from thirst. Many of them dearly from the muddy pond on either side of the track, though it was red with human blood. Fortunately, a supply of water was brought by the train, which greatly alleviated their sufferings. Fifty-three wounded passengers were placed on the cars and taken to Aspinwall for medical and surgical treatment

HIGHLY RESPECTABLY.—With Sheriff Jones our informant was personally acquainted, and represents him as a man of the finest social qualities, and highly respected by all who knew him. —*Janesville Standard.*

Per contra:

"When the pro-slavery party saw that his vote was a irresistable vote, they said he should not vote it; several men took hold of him by the collar, and pulled him away; he took hold of me, and we were both pulled away together from the poll; they cried, 'cut his throat; tear the d——d heart out of him,' saw one man draw a knife upon him, without doing him any injury; saw a man with a lever, trying to pry up a corner of the cabin; others cried out, 'don't do it until you have orders,' also Ellison came out of the cabin with the billet now in his hand, and crying out, 'Hoosh! be narrow, Ellison' Ellison was one of the judges; heard Jones (now Sheriff) say he would give the Judge five minutes to resign or not.

So H. Mooty testifies before the Kansas Committee.

WESTWARD HO!—The tide of travel to the West continues large and beyond any former precedent. The Express trains number from six to twelve cars, but the largest trains are those that leave here at 6 o'clock in the evening. At least one-third of those going West are either immigrants from the Eastern States, or the better class of foreigners. Most of these intend to settle in Wisconsin, Iowa and Kansas. They take with them the necessary means to purchase land and stock their farms. The drain from the Eastern States this season far exceeds that of any previous year, and with such an increase the spacious West will soon become populated. In less than ten years large cities will be built upon what are now called send plains, and extensive business marts on the banks of some quiet river. There will then even be room for many more thousands to work where they can enjoy life and live by the sweat of their brows.—*Albany Evening Journal.*

EMIGRANTS FOR KANSAS.—We understand that a company consisting of some sixty or seventy emigrants for Kansas, chiefly from Albany and its vicinity, but comprising also several members from Utica, Syracuse and Rochester passed thro' this city last evening. This company is sent forward under the auspices of the New York State Kansas Committee, and is said to be made up of exactly the right stamp for the purpose. The emigrants are all young, robust and hard-working men, who go to Kansas with the view of making it their home. They will form a welcome accession to the Free State population of the Territory.—*Buffalo Express.*

"NO BOTTOM."—This little sentence, more eloquent than elegant, is posted up on Wells street, in the lumber district, to warn teamsters of the treacherous soil. We saw one, however, who, like the "doubter" we have somewhere read of, could not rely on the word of others, but must needs try for himself. Well, he tried; and the last we saw of him, he had a log chain attached to the hindmost end of the wagon, on the principle of reversing the engine, and would have been very thankful to have gotten his unfortunate vehicle anywhere but just there. Prairie soil will raise almost anything, but he who plants *wagons*, will have some trouble in getting back what he sowed.—*Chicago Journal.*

SHEBOYGAN & MISSISSIPPI R. R.—The initiatory step in the construction of this road is about to be taken. Mr. Appleton, the contractor, arrived from Boston on Saturday last, with a corps of engineers, and has since been engaged in the examination of the various routes surveyed hence to Grafenhoi. On the arrival of their surveying implements, which are expected daily, they will immediately commence the final survey and location of the route, preparatory to breaking ground in its construction. We learn that the contractor proposes to employ a steam excavator in the grading of the road—they having proved very economical and effective aids in the construction of Eastern roads.—*Sheboygan City Times.*

STILL ANOTHER LAUNCH.—The schooner, *Guido*, built by E. Forchion, for Messrs. Pfeister and Co., Milwaukee, was launched on Saturday last in fine style. She is well modelled, and tho' she is to sail from Milwaukee, her fine form will betray her birth place.

Mr. S. shares the enviable reputation of the Manitowoc County Ship builders.

The following are the dimensions of the *Guido*:

Length of deck,	98 ft.
" of keel,	94 ft.
Breadth,	24 ft.
Depth of hold,	7 ft. 4 in.

MISSING.—Considerable excitement exists in the Town of Troy, in this County, in consequence of the mysterious disappearance of a young man, named Jacob Rumpf. The impression is that he has committed suicide, or is wandering in a state of insanity.

By the way the young man Webster, who left Elkhorn so strangely last spring, has "turned up" at his father's in the East, so says his uncle, the Rev. H. D. L. Webster. No cause has been assigned for his strange behavior.—*Elkhorn Reporter.*

A FAIR SIZED STONE.—Hume & Booth have laid up for the bed of their new engine a stone which will bear mentioning. It has a length of 15 feet, a width of 2 feet 9 inches and a thickness of 12 inches. The weight is five tons. It was taken from the quarry at Monterey, and might have been doubled in size if required.—*Janesville Gazette.*

COMMERCIAL.

THE MARKET.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, May 21, 1856.

Received by Mil. & Miss. R. R.—96 sacks flour, 9,400 bus wheat, 125 do corn, 167 do potatoes, 311 hides, 5 bbls eggs, 2 carcasses.

By La Crosse & Mil. R. R.—371 bbls 68 sacks flour, 9,784 bus wheat, 84 tons pig iron, 22 bbls beer, 17 bbls eggs, 4 sacks wool, 1 bbl butter, 8,200 lbs hides, 70 bus potatoes.

WHEAT market somewhat better yesterday, and parties inclined to operate, but holders still ask full prices. We sold several thousand bushels of spring at 93c, 1 lot, 94c, and 1 lot, 95c. Platform lots 1,16@1,18, some of superior quality held above buyers' views.

BARLEY—saleable at 1 50@1,60.

RYE—none coming in—nominally 1,00@1,05.

CORN—sales for local trade in small lots at 43@45.

POTATOES—15@57½.

Chicago Market.

CHICAGO, May 19.

WHEAT—On Saturday night the wheat market closed firm with something of a speculative feeling, large sales having been made—spring 93,000 bus spring on private terms, and there on to-day—but little spring on the market, reported to day at 1,02@1,04 in store, at which about 20,000 bus in lots sold; also 200 bus at $1,10 on board. $1,-100@1,20 for red, and $1,06@1,09 for white; a good deal of which is offering of poor quality. Rejected $1,00.

CORN.—Quite an excited feeling exists in corn. Some buyers tried to get in prices, and other parties were as determined to keep them up. A decided advance was noted on change at 37c on board in all this week, and although reported by parties who should be believed, it was considered a bigger transaction by some. Heavy operators offer 38c cash in local bottoms this and June 15th, for 100,000 bushels; others closed Mcon board for 50,000 bus in next 10 days at "buyers option;" another offered some figure for 50,000 bus to be forwarded by canal, offering to loan the corn till seller received from canal, all of which was without effect. And although these parties were good, and would have paid their offers, it is presumable, from prospects at Buffalo, they were not anxious to make the purchases. A sale was made during the excitement on change of 12,000 bus at 38c afloat, any time within the next 15 days; afterwards 4,000 bus sold on board at 38½; 40 bbls offered on board, holders asking several cents higher.—*Tribune.*

Buffalo Market.

BUFFALO, May 17, 1856.

FLOUR—Sales, about 1600 bbls at $6@6,50 for choice and extra brands Ohio, Indiana and Wisconsin. Some fancy and the brands extra Southern Ohio at $7; 300 Hitchcock brand Michigan at $4.

WHEAT—Dull and no demand for sales. Chicago spring was offered at $1,02, without finding buyers.

CORN—Dull and in fair. Sales 20,000 bus at 44c.—*Express.*

Oswego Market.

OSWEGO, May 16—2 P. M.

FLOUR—There is not much doing in flour, and we have no feature to note. The sales reach about 600 bbls, including 300 bbls Red Genesee at $6,75.

WHEAT—Sales 3,000 bus white Canadian, by telegraph, at $1,05, 600 bus do at same figure, and 1,000 bus Canadian spring at $1,03. The receipts, which are principally Corn Exchange, are light.

CORN—A number of upper lake vessels have arrived since our last report, and the receipts are to a fair extent. Market without material change. Sales 2,250 bus at 50c and 2,000 bus, by telegraph, at 52c.

BARLEY—Sale 1,000 bus at 71½c.

CANAL FREIGHTS are a shade firmer. Flour 43c, wheat 18c to New York, on 11 amber $2,25@2,37½ to Albany and Troy.—*Times and Courier.*

SPECIAL NOTICES.

THE IMMENSE MASS OF TESTIMONY in favor of Hoofland's German Bitters, convinces us that the article is all it is represented to be, and in consequence we advise a trial of it by those afflicted with diseases for which it is recommended.

EDITORS DAILY TIMES, Cleveland, O.

LOWELL, De Lac Co., Ills., Nov. 1, 1851.—"Over a year and I sent some money to you from Canada, and received some of your German Bitters, which I used and found great relief from. My health has improved to such a degree, that I am again able to attend to my business. A large number of the disciples in this neighborhood have had to send to Milwaukee for the medicine. An agent here could sell large quantities, as I know it to be a sure cure."

Stanley Moore, Platteville, Wis.; James L. Manville, Jefferson, Wis; Holden, Kemp & Co., Janesville, Wis; and others in that State, have also expressed their great confidence in the virtues of the Bitters. See advertisement. may2 1dm

Liver Complaint, Dyspepsia and Piles.

PHILADELPHIA, March 1, 1853.

DR. C. M. JACKSON—DEAR SIR—For the past two years I have been severely afflicted with the Liver Complaint, Dyspepsia and Piles, suffering constantly the pains and inconvenience attendant upon such complaints, without energy, being scarcely able to attend to my business. I used a great deal of medicine, with no apparent change, until I used your "Hoofland German Bitters." They have entirely cured me. I am now entirely free from pain and ache of any kind, and feel like a new man in every respect, and unhesitatingly recommend your Bitters to all invalids. Yours, respectfully,

ASHORE.—We are informed by Capt. Barse that the schr. *Bronson* went ashore, eight before last, upon Point Pelee, about four miles inside the Point. She is from Oswego, bound up, and heavily laden. A tug has gone to her assistance.—*Det. Adv.*

SUNDRY ARRIVES.—The tug *Fashion* returned yesterday from the wreck of the schr. *Anderson*, at the Hen and Chickens, bringing the steam pump, the schooner's rigging, and everything that could be saved in the wreck. Capt. Bates informs us that she is a total loss. She belonged in Oswego, and was bound to Toledo with 300 bbls salt, which was also lost. The vessel was insured, but the amount, and in wl at company, we did not learn.—*Herald*

GOT OFF.—The brig Ferguson, which was ashore on a reef off the Fort Shelter, has been got off and she arrived in port last evening. CITY MATTERS.

Land Warrants.

A LOT OF TEN THOUSAND ACRES just received and on hand. Prices are low and advancing. We advise all parties to purchase immediately. Will fill orders from the country favorably,

BRIDGE BROTHERS,
225 East Water St.

may31c 95dst

POLICE COURT, MAY 20.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

H. W. Cripp, Jacob Oleson and Gunther Anderson were each fined $3 for being drunk and disorderly; Jacob Kerson, for shooting in the city limits, fined $2.

HOTEL THIEF NABBED AND PUNISHED.—A young woman named Frances Burns was arrested yesterday by Policeman Gaelick for stealing a Daguerreotype, Parasol and handkerchief from D. S Pollitt, Landlord of the Baltic House. The woman, who was just from Watertown, stopped at the Baltic House for dinner, and was caught stealing the articles. In the Police Court she plead guilty, and was sentenced to sixty days imprisonment in the County Jail.

THE CASE OF MICHAEL GERRETY.—Several weeks since, Michael Gerrety was found, early one morning, lying on the corner of East Water and Huron Sts., so badly beaten as to be unable to speak; so cut up, bruised and battered, about the head and body, as to be unconscious of anything. His head exhibited a frightful appearance—deep gashes in several parts of it—his eyes closed from blows—his lips split—he was confined to his bed for weeks, and for days was considered in great danger of dying. Possessing an extraordinary physical constitution, such as few men are blessed with, he finally recovered, though in all probability injured for life.

Now it is well known who the parties were that so brutally beat Gerrety, and there is not the slightest doubt that when his assailants left him in the gutter, "they left him for dead;" nay, one of them was heard to say, after once leaving the fallen man, that he "heard him groan, and he'd give him another whack." He returned to the spot, took up a stone or brickbat, and dealt Gerrety more blows. There is no doubt that the *latest* was the murder—a cold blooded, brutal beating to death with stones, brickbats and clubs.

Gerrety, when sufficiently recovered, disclosed the names of his assailants, and in addition to his dieing statement there were circumstances corroborating his statements, and eye-witnesses to the scene, leaving the matter beyond a doubt as to who the assailants were. Several were arrested—many entirely innocent—the rest were held to bail for their appearance at the Circuit Court.

The Grand Jury have found no bills against any of the assailants. The excuse is, there was no evidence, or that the evidence was not sufficient to warrant the Inquest to find a bill. Gerrety gave his evidence straight to the Grand Jury—that we know—or else some of the Grand Jurors (notwithstanding their oaths of secrecy) have stated something beside the truth.

Had an examination been had before the Police Court, the whole matter would have been investigated, and the proper evidence laid before a Grand Jury, and in such an event they must have found a bill. He is currently reported around the streets, that some of the officers were *lacking*; and that a great deal of testimony was purposely withheld for *political purposes*.

Had Gerrety died from the effects of the beating he got, then, it seems to us, an examination would have been held in the Police Court, where it is, the intent at least, to administer justice, but as he "wasn't entirely kill," the matter must be hushed up. The contrast, between the assailants of Gerrey, who meant to kill him—we know what we write—and the cases, where men are daily incarcerated, in the filthy jail, for a simple, sometimes technical, assault and battery, is so great that it deserved notice—and it has it.

ANOTHER MERCHANT TAILOR.—Mr. L. H. BLACK, one of the oldest and most experienced Cutters in town, and formerly with E. M. Shopee & Co. and Friend and Bro., has just opened a Merchant Tailoring Establishment over the Bank of Commerce, East Water-street. Mr. Black informs the public, in our advertising columns this morning, that as he pays only one-tenth the rent that other Tailors pay, he will sell for one-tenth less, and promises a good fit and well made garment to all who will favor him with a call. Cloth made up on the shortest notice, and a good fit and low price warranted. Call and see BLACK.

THE STRAIGHT CUT.—We are glad to notice that work has been resumed on the Straight Cut, and we hope that it will be vigorously prosecuted to completion. There is now water enough in the channel for light draft lumber vessels, and several have passed in and out by this passage. The advantage which it has over the old harbor, both as to distance and direction, is very great. Vessels coming in, or going out, by the Straight Cut, save a mile, or a mile and a half, at least, and can lay their course straight up the river wit the same wind which would head them off if coming in by the old harbor.

MUSICAL SOCIETY CONCERT.—The Concert of the Musical Society at Young's Hall, last evening, attracted a very full house and gave very great satisfaction.—The Overtures and Choruses were remarkably well executed, while the Violin and Trombone solos deserved the enthusiastic applause which they elicited. We were glad to hear once more Mr. BUDDEMANN'S delicious tenor. He has resumed his residence in our city. The new Violinist, Mr. MAHR, from Vienna, is a great accession to the Society.

THEATRE.—THORNE'S Star Company present to-night, after a careful rehearsal, the great play of *Camille*, which is one calculated to bring into full play the great est powers of a great actress. Miss DENIN has a difficult part to act, and has heretofore earned earnest applause by the manner in which she has represented *Camille*. Gaiety and recklessness, quiet depth of feeling absorbing love, patient suffering, are all to be depicted to-night, and, from what we learn of Miss DENIN in this part, we look for a decided success. Mr. THORNE'S company is capable of giving, and will doubtless give, the principal character support which will fill out the play to satisfaction.

BALLAD CONCERT.—The first concert of Mr. and Mrs. L. V. H. CROSBY comes off at MILITARY Hall to-night. We can say more after hearing them, but just now it may suffice to say, in advance, that a man who, like Mr. CROSBY, has furnished music for most of the popular travelling bands of singers, such as the Hutchinsons, Alleghanians, and others, must have a soul full of music, and we do not doubt that the entertainment will be an excellent one.

LAND WARRANTS.—There is at present a great demand for Land Warrants for location among the thriving districts of our growing State, and in Iowa and Minnesota. We would call the attention of all persons desiring to purchase, to the advertisements of our enterprising friends, Messrs. BRIDGE BROTHERS 225 East Water Street, who are constantly supplied with the late issue, and who, from their experience in the Warrant business, are enabled to give a good guarantee and protection to their customers.

THE GOVERNMENT PIER LIGHTS.—A contract has been let for putting up a new Beacon Light on the North Government Pier, at the mouth of the Harbor, and constructing a substantial walk along the Pier. No time should be lost in completing both.

CHOICE SEGARS.—We are indebted to our neighbor, Mr. STRAUSS, whose Segar Store is immediately under the Sentinel Printing Office, for samples of his very choice stock. Lovers of the weed will find segars of all qualities and prices in his store and can select to suit their palates and pockets. See his advertisement.

ACCIDENT ON THE MISS. R. R.—On Monday afternoon, the Express Messenger, Thomas Chamberlain, met with a sad accident at Eagle, on the Mil. & Miss. R. R., by which his arm was so badly crushed by a car passing over it that it had to be amputated. He fell between the cars at the time they were being started a short distance ahead. The amputation was performed by Dr. Wolcott, of this city.

NEW MUSIC.—We are indebted to Professor HAZELTON for several pieces of new and fashionable music, of which he has, at his elegant Music Store on East Water street, a very large and choice supply.

FOR COLLINGWOOD.—The steamer *Niagara* leaves for Collingwood *this* evening, at 5 A. M., instead of yesterday, as we announced. Mr. L. D. JEROME is the agent for the line.

☞ WALL, at the corner over the way, is very anxious that everybody should read his advertisements, calling attention to the coming sale of lots in Hathaway's Addition, and we don't see how he can better aid him than by calling attention to them.

☞ The drums of the Light Guard made lively music last night, as they were out for street drill, and marching like good soldiers.

REAL ESTATE.—GEO. H. GREEN offers for sale some valuable property in the 5th Ward.

CHANCES FOR BARGAINS.—Mr. HALLETT makes, this morning, some additions to his list of bargains.

SALE OF LOTS IN HUBBARD & PIERSON'S ADDITION.—A portion of the lots in HUBBARD & PIERSON'S addition were sold yesterday at CRAMPTON'S Auction Room.—We have the following list of lots and prices:

VOLUME XI. MILWAUKEE DAILY SENTINEL WEDNESDAY MORNING, MAY 21, 1856. NEW SERIES.

Men.

"God give us men! A time like this demands
Strong minds, great hearts, true faith, and ready hands;
Men whom the lust of office does not kill;
Men whom the spoils of office cannot buy;
Men who possess opinions and a will;
Men who have honor—men who will not lie;—
Men who can stand before a demagogue,
And damn his treacherous flattering without winking!
Tall men, sun-crowned, who live above the fog
In public duty and of private thinking.
For while the rabble with their thumb-worn creeds,
Their large professions and their little deeds,
Mingle in selfish strife lo! Freedom weeps,
Wrong rules the land, and waiting Justice sleeps."

A CLEVER THIEF.—A young man took lodgings, a few days ago, in the Rue St. Honore, Paris, and then went to a jeweller's, chose a quantity of jewelry, ordered it to be sent to his residence, and the bearer would be paid on delivery. After examining the jewelry and expressing his satisfaction with it, he placed the articles in a drawer, which he left partly open with a key in it. "And now," said he. "I must do the principal thing—give you the money;" and he went into an adjacent room as if to seek for it. A moment after, the shopman finding he heard a noise in the drawer, and pulling it open, he found that the box containing the chains had disappeared through a hole in the wall at the back of the drawers. He rushed into the back room, but the man had vanished.

BEES AND QUAILS.—The Rev. A. H. Milburn, in a lecture on the West, says:

Two remarkable facts are to be noted in respect to the advancement of the whites. The first is that the quail, unknown to the Indian, makes its first appearance—from whence no man knows—when the white man plows and plants his fields, affording an abundance of delicious food to the pioneers. The second fact is, the honey bee is not found in the country while in the possession of the Indians. It keeps just in advance of the advancing wars of civilization.—When the Indians see swarms of these new visitors, their wise men sadly acknowledge that it is time for them to abandon their pleasant hunting grounds and the graves of their fathers, and seek new homes.

☞Somebody asked Baron Mothschild to take venison. "No," said the Baron, "I never catsh venishon; I don't think it ish so coot as mutton." "O!" said the Baron's friend. "I wonder at your saying so. If mutton were better than venison, why does venison cost so much more?" "Vy," replied the Baron, "I vill tell you vy. In dish world de peoples always prefer vat ish *dear* to vat ish *cheap*."

James found a Latin word in his newspaper, of which he did not know the meaning, so he appealed to Brown, who is a scholar, and—more's the shame—a punster. "What is *the Jacula*?" said Jones. "Maynard & Noyes," replied Brown. "Isn't that the ink you buy?"—Jones felt that Brown had somehow evaded the question, but he didn't see the point, and never will. Brown chuckled over the atrocity—winked at Thompson, and is "still at large."—*Boston Post*.

"What is that dog barking at?" asked a fop, whose boots were more polished than his ideas. "Why," replied a bystander, "because he sees another puppy in your boots."

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the finger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of —horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

In regard to the character of the work got up by this

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GRADE AND CYLINDER COCKS, OIL CUPS AND COCKS, and SPARE MATERIAL, also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GAUGE, which are well worth the attention of all those who use Steam power.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render this Old Eagle worthy of the reputation it has already gained.
